

Village of Boyceville- Responsible Unit Board  
Meeting- July 6th, 2023  
6:00 PM  
Village Hall-1233 Charlotte St, Boyceville, WI

**Minutes**

**Attendance: Brittany Halvorson, Bill Kuesel, Sonya Zebro, Bud Gilbertson, Lukas Montgomery, Downing, Wheeler-Rob Hakanson**

**Meeting called to order at 6:00 PM**

- 1. Update on operations-Recycle compactor down, due to possible faulty wiring. The technician from JWR thinks we might need to replace the motor or capacitor. Working on getting a date for a technician to repair. In the meantime, we will arrange for Badger Electric to come out and look at wiring and replace capacitor if that is all that is wrong with it. Brush pile is slowing growing, will plan another burn sometime during winter months to ensure snow on the ground.**
- 2. Budget Overview- Clerk reported that we have received 49% of our expected revenue so far this year and have used 37% of the budget allocated for expenses. GFL did have a slight increase in prices for round trip hauls, but this has been expected to happen.**
- 3. Hazardous Waste Event-Variou discussions were held on the previous year event and what some of the challenges were. The idea of hosting it on a day the dump was not open was received well. The clerk will arrange with LRI and get pricing out to townships to see if they would like to participate. Once the date is set, hopefully for some time in later fall, clerk will begin marketing so citizens are very aware how event will run.**
- 4. Demo Box Prices-We're getting more nonmember's coming in to get rid of demo material. Not asking to do anything at this moment but think about having a minimum price of \$10 for nonmembers.**
- 5. Wisconsin Electronic Waste-New law went into effect July 1<sup>st</sup>. New education component with materials available through the DNR. Our current hauler is Recyc All Services so we will have to see if he is going to get the permit as an e-cycle hauler.**

**Meeting adjourned at 6:57 PM**

Brittany Halvorson- Village Clerk Treasurer
