1. Operations update-RU attendants report that things are generally going well and looking ok considering the weather. Currently no mechanical issues, they had a successful burn day, and the used oil has been picked up. Road grading is not needed at this time but will continue to evaluate. There has been a slight uptick in recycling since the new rules went into effect. The Annual Report will be due in April, so the Clerk will work on that when tonnage from GFL comes in. Moved meetings to quarterly, next meeting June 6<sup>th</sup>.
2. Price updates- There was some discussion regarding raising the cost of nonmembers tire disposal fee by \$1. The consensus is that it is not needed currently.
3. Review Financials- Revenues and expenses were reviewed. There have been no unexpected expenses at this point the year.

Meeting adjourned at 6:40 PM
